GTA SUMMIT

7th-11th NOVEMBER 2022

Delegate brochure

Introduction

Global Tech Advocates and Tech India Advocates are hosting the GTA Summit in India. This will be an opportunity for a global delegation of tech leaders to learn about the extraordinary growth and success taking place across the Indian tech ecosystem.

On Tuesday 8th November, GTA and Tech India Advocates will be hosting their anchor event of the week, the GTA Festival Summit - 'Namaste, New India!' in Bengaluru. This will focus on decoding 'New India' and feature a range of Indian and international tech perspectives.

The GTA Summit will connect Advocates with 'New India' to unearth hidden gems from its rapidly growing tech start-ups and grassroots innovation. It is an opportunity to understand how India's tech ecosystem is evolving, and to meet the entrepreneurs and investors behind the country's most successful tech companies.

Global Tech Advocates is comprised of over 30,000 tech leaders, experts and investors connecting 27 of the world's fastest-growing tech hubs and regions. The community gives a voice to the tech industry on a global scale - by championing tech ecosystems and campaigning to address the challenges facing tech companies.

In this document, we've included a full itinerary of the events coming up next week, including:

- An interactive session on "New India" with CEO of Action for India and award winning entrepreneurs
- A visit to the Indian Institute of Science (IISc) in Bengaluru with an introduction to their cutting-edge Centre for Nano Science and Engineering
- An evening reception hosted by the British Deputy High Commissioner to Bengaluru
- The GTA Festival Summit, the anchor event of the week, taking place on Tuesday 8th November in Bengaluru at the Bangalore International Center. This will focus on decoding 'New India' and feature a range of Indian and international tech perspectives.
- A day trip to Hubli in partnership with the Deshpande Foundation, with a focus on India's rural tech innovation and agritech
- A tech investor roundtable hosted by the Rajasthan Royals in Mumbai and joined by Alan Gemmell OBE, His Majesty's Trade Commissioner for South Asia and the British Deputy High Commissioner for Western India

We've also included the full list of the international GTA delegation travelling to India for the Summit.

Thank you for joining us, and look forward to seeing you in India!

GTA Summit India – full week itinerary

Bengaluru, Sunday 6th November

Arrive to Bengaluru

Bengaluru, Monday 7th November

Morning (10.00am-12pm) – Orientation for the week with Russ Shaw CBE and Ani Kaprekar. Followed by a New India intro from Action for India CEO, Prerna Wadikar, with start-up founders: Manish Rai – Verdant Impact, Srinivas Bandlamori – Aspartika Biotech, and Rahul Bakare, Borecharger

(travel via coach)

Afternoon (2pm-4pm) – Visit to the Indian Institute of Science in collaboration with Karnataka Digital Economy Mission

(travel via coach)

Evening (6pm-8pm) – Guest reception at the British Deputy High Commission Residency Bengaluru
